

Controlit Extension is a stainless-steel seam inspection tool for heat-fused membranes. Its precise design and durable handle ensure reliable and efficient verification of welded overlaps during and after installation.

TECHNICAL DATA SHEET

MAKE WATERPROOFING TESTABLE

European Article Number (EAN)	4751037540019; 4751037540026
Basic material	Stainless steel core CAS No.65997-19-5 high density rubber handle
Net weight	2,155 kg
Handle bar No. 1 length	500mm
Handle bar No. 2 length	500mm
Handle bar No. 3 length	400mm
Handle bar diameter with soft cover	32mm
Hook holder diameter	39mm
Hook holder inner diameter	33mm
Overall maximal length of mounted tool	1650mm
Accessory	Curved Hook Seam Inspection Tool For Overlap Welding Seams
Curved hook net weight	0,075 kg
